Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 11 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain or showers for most.

This Evening and Tonight:
Rain and showers continuing for northern parts as well as some patchy rain in the far southwest and Wales. Much of central and southeast England dry with clear spells. Still chilly in parts of the southwest.

Wednesday:
Another day of sunshine and showers for many, these slow moving with hail and thunder possible in the north. Some more persistent rain possible in the south later.

Outlook for Thursday to Saturday:
Sunny spells and showers, these heavy at times with hail and thunder. Some longer spells of rain at times. Temperatures close to or below normal. Winds light to moderate.
